

# Workplace Fundraising Pack

# Thank you for supporting us

The STV Children’s Appeal is all about helping young people affected by poverty in Scotland. Poverty can mean many things. For some children in Scotland it can mean going hungry, not having a bed of their own or not having warm clothes to wear in the winter.

The good news is that together we can make a real difference to the lives of these children. Every pound you raise goes straight to helping them. As soon as we reach one million pounds, the Scottish Government will donate another one million pounds!

We’re here to help you every step of the way and in this pack you’ll find everything you need to get started. If you want to ask any questions, just get in touch with us at [stvappeal@stv.tv](mailto:stvappeal@stv.tv).

Good luck and have fun!

# What we do

**1 in 4 children in Scotland live in poverty. Help us make a difference.**

It took just seven years for the STV Children's Appeal to raise £16.3 million. The money raised went into 964 projects all over Scotland, helping around 67,000 children.

## **The STV Children's Appeal promises to:**

- Give every penny of every pound that you donate to the children who need it most right here in Scotland.
- Give a voice to children who can't be heard.
- Support a community project in every single local authority in Scotland.
- Create chances for every child to realise their full potential.

## **How your fundraising helps:**

- **£20** sorts out a food parcel for two families - the smaller projects we support have been able to get food parcels out to families in need across Scotland.
- **£200** buys beds, a washing machine or a cooker for grandparents who suddenly find themselves caring for grandchildren full time in the absence of parents. We're proud to support kinship Care groups who support grandparents in this situation.
- **£500** helps with housing, employment and life skills for young people who are either homeless, in threat of homelessness, or coming out of care. Projects we fund include counselling and support for young people who might otherwise drop out of the system.
